

## **Stan Parker**

Vicky and I moved to Spartanburg in 1986 and have lived on the Westside of town for the past 25 years. I have worked at 2 banks during my 36-year career with the last 18 at BB&T, now known as Truist Financial Corp. The focus for most of my career has been serving corporate and capital markets banking clients, who are primarily based in the Upstate of SC.

Vicky and I have two daughters, the oldest, Morgan, living in Denver and Erin working in the ER at Spartanburg Regional as a PA the past two years. Vicky has worked for Charter/Spectrum for 32 years in advertising sales and marketing. She is involved in the community as well.

I have been involved in non-profit work throughout my time in Spartanburg in various capacities. I have worked with the United Way, Chamber, Spartanburg Community College Foundation, USC Upstate, Mobile Meals, Hatcher Garden and others. I spent 7 years on the Mobile Meals Board and served as Board Chair for 3 years. I continue to deliver meals on the same route for 25+ years and served on the ICC Golf Comm (their largest fundraiser) since it started 25 years ago. I am also passionate about the outdoor education opportunities at Hatcher Garden and the work they are doing there. As a former Board member I was very involved in the funding and construction of the new entrance and parking areas. All things Horticulture and Gardening, and my F3 Workout group, are things I enjoy outside of work.

“Working on the Hatcher Garden board gave me the opportunity to see firsthand the significant positive impact the Chapman Center is having on so many local non-profits and the Spartanburg business community. The reach of CCC and the support it provides is very broad based so joining this board was an opportunity to learn about the needs in Spartanburg and finding ways to get involved and help in a meaningful way.”
